

Tyler Huebner
Executive Director

About RENEW Wisconsin

RENEW Wisconsin is a non-profit organization formed in 1991.

Main goals: advance clean renewable energy in Wisconsin: wind, solar, bioenergy, hydropower

Supported by memberships from individuals and businesses, as well as foundations, events, and consulting

Historical Major Biogas Renewable Energy Policy Issues

- Renewable Portfolio Standard – 1999 & 2006 (Legislature)
- “Advanced Renewables Tariffs” – 2000s, led to the PPAs with farmers for renewable electricity production
- Public Service Commission advocacy in rate cases over past 4 years has reduced value paid to customer generators
- Original contracts expiring, uncertain future

How RENEW Wisconsin can help

1. **Knowledge, expertise, relationships, and history** on PSC processes and decisions, utility rates, and renewable energy policy in Wisconsin
2. **Connections** between industry and customers
3. **Positive Stories & Public Relations**
4. **Advocacy:** Focus on Energy funding, interconnection to the grid, buyback rates, federal opportunities, and more

Upcoming Events

October 2, 2016
