

## **Frequently Asked Questions:**

### March 2017 Clean Energy Investments in WI Communities RFP

1. Q: Are renewable energy projects eligible, particularly PV?  
A: Yes, renewable energy installations are eligible as implementation projects.
  
2. Q: Can a community apply for both a planning and an implementation grant?  
A: Yes, if a community already has a plan, that community can apply to update or expand the plan and also to implement projects that are recommended in that plan. Communities should be very clear to describe the situation and potential energy savings associated with any implementation project.
  
3. Q: Are there “lighting only” grants?  
A: No
  
4. Q: I received a grant from your 2015 RFP, am I eligible to apply again?  
A: Yes! There are no restrictions as long as you are an eligible unit of local or Tribal government.
